

The diagram shows a rectangular layout for an A6 document. It features three nested rectangles: a red outer border, a black middle border, and a blue dashed inner border. The red border represents the document size with bleed (154mm x 111mm). The black border represents the final trimmed document A6 size (148mm x 105mm). The blue dashed border represents the area where text or other content should be kept (142mm x 99mm). The legend on the left explains these dimensions.

— = Document size with bleed – 154mm (h) x 111mm (w)

— = Final trimmed document A6 size – 148mm (h) x 105mm (w)

— — = Keep text or anything you do not want cropping within this area – 142mm (h) x 99mm (w)
